Wall Street, New York, April 22—Today was a holiday and there was no business transacted on stock exchange on account of the members moving into their new home. Money continues to be easy, and it is no longer a stumbling block. Labor difficulties which have occurred here and there are mostly on the point of disappearing. Earnings continue on a marvelously large scale and the outlook for the big industries are still undimmed. Considering the flattening out administered to prices of standing stocks, the strength exhibited by these stocks during the last few days is not surprising. They can hardly fail to make their recoveries in the early future and should be taken on for a long pull. London has exhibited a very strong market for both American railway shares and industrial securities, and they sent big buying orders through the Arbitrage houses. This buying encouraged many of the local bull professionals to enter the market and buy the specialties in a general way. The Harris-Gates party were very active in the accumulation of B. and O. stock. For the first time in nearly a fortnight the Harrison interests have been conspicuous in the market, with heavy buying orders, especially of the Erie stocks. We look for further improvement in the market, even though the recent advances of from \$8 to \$15 per share has caused many people to believe that a reaction is inevitable, but prices are still lower, or as low as they were during the break in December, which was almost considered a panic.

Chicago, April 22—Wheat—Wheat showed further strength today and the fluctuations in the July options reflected bull sentiment. The cables from the English market were relatively stronger and served as an influence in favor of the bulls. Small receipts were the feature and the primary movement showed an excess of shipments over receipts, although the clearances continued small, while the cash and export business was considered slow. The Armour operations today were rather difficult to follow, but it was generally agreed on in circles that they are in control of the situation. Advances from the Northwest were conflicting. Country offerings were fair and indications point to a larger movement. Weather map was rather mixed with the low temperatures in the Southwest a distinct feature. At the close the feeling among the pit traders was rather mixed.

### All Striking Workmen Will Return to Work.

Business Men of Omaha Organize to Fight the Labor Unions.

WILL BE A TEST CASE

ALL MINERS TO WORK.  
Wilkesbarre, Pa. April 22—The executive boards of the three anthracite districts of the United Mine Workers of America, in convention here, issued instructions that all mine workers now on strike or lockout must return to work immediately, pending an adjustment of all differences by the board of conciliation provided for by the anthracite coal strike commission. District Presidents T. D. Nicholson of Scranton, W. H. Dottry of Hazleton and John Fahey of Shamokin were selected as the miners' representatives on the board of conciliation. The board is to consist of six members three appointed by the operators and three by the miners. President Mitchell has appointed the Rev. T. R. Watkins of Scranton to be a national organizer for the United Mine Workers of America. He is the only miner preacher in the anthracite regions.

TO FIGHT UNIONS.  
Omaha, Neb., April 22—Eight hundred prominent business men of Omaha have entered into an alliance to fight the labor unions of the city. It is said the National Manufacturers' association is back of the movement and will assist and support the business men in any trouble which they may have with their employees.

It is also claimed that the National association has picked out Omaha to fight the labor unions to a finish, since this city is strongly union, and several strikes have been in progress here for some time. The Business Men's association issued a statement, which is practically an ultimatum, to the labor unions of the city, saying that in future the 800 members would stand together and resist the "apparent determination upon the part of the labor organizations to either control or run every business enterprise."

The object of the organization is set forth as "to protect its members in their rights to manage their own business in such lawful manner as they may deem proper, employing such help as they please." The interference of unions with their business "will be met with whatever organization and force that is necessary."

The platform of the organizations embraces the following principles: "Freedom to employ union or non-union labor without discrimination; no limitation or restriction to output; no sympathy with strikes."

PROMINENT OFFICIAL DEAD.  
Chicago, April 22—Stewart L. Moore, general freight agent of the Northern Pacific railway, died suddenly of pleurisy at St. Paul.

### Major T. E. Moss Chosen Commander of the Camp.

The Name Was Changed to the "J. T. Walbert Camp" After a Paducahan.

MISS KOGER CHOSEN SPONSOR

The Confederate Veterans of Paducah, H. B. Lyon Camp, held a meeting last night at the city hall that was the most enjoyable in many years. There was a good attendance, and the most important feature was the election of officers.

Six new members were added, and the following officers were chosen to complete the permanent organization: T. E. Moss, commander; Thomas Herndon, first lieutenant; J. M. Ezell, second lieutenant; B. H. Scott, third lieutenant; W. G. Whitfield, fourth lieutenant; J. V. Greif, adjutant; Joe Ullman, quartermaster; A. W. Townsend, commissary; J. G. Brooks, surgeon and R. T. Young, assistant; W. B. Padgett, chaplain; H. B. Hawkins, treasurer; George Webb, sergeant major; Wm. Hailey, color bearer; R. Miles, first color guard; James Gish, second color guard; O. E. Clark, vidette and W. T. Gleason, officer of the day.

Miss Henrietta Koger, daughter of Captain James Koger, was chosen sponsor of the camp.

Messrs. B. H. Scott and R. Miles were elected representatives to the Confederate reunion at New Orleans, with R. Rowland and Sam Sutherland alternates. The vote of the camp at a previous meeting naming it the "H. B. Lyon Camp" was then reconsidered, and it was named the "J. T. Walbert Camp," in honor of a former well known Paducahan who died a few years ago, and was a private in the ranks, but one honored for his bravery and loyalty.

A letter was read from Mr. R. W. Crabb, of Uniontown, Ky., chairman of the committee to select a place for holding the next reunion of the Second Brigade, of which this camp is a member. Acting on his suggestions, the local camp extended a cordial invitation for the reunion to be held in Paducah, which means that it will be held here, as it is the desire of the brigade reunion committee to hold it here.

Following this Captain J. M. Ezell recounted his experiences during the war, which were very entertaining, and Mr. Joe Ullman reviewed the thrilling incidents of the battles of Shiloh and Murphersboro.

THE POLICE COURT DOCKET

#### FEDERAL COURT ENDS.

The April term of federal court was finished this morning shortly before 11 o'clock and Judge Walter Evans, District Attorney Hill and Assistant Attorney Thatcher, Deputy Marshal Walter Blackburn and minor court officers, left on the noon train for Louisville.

Yesterday the case of George M. Jackson against J. P. Dupoyster was finished and given to the jury and this morning at 11 o'clock the jury was discharged, being unable to decide on a verdict. Jackson and Dupoyster had gone into partnership to start a small town, Fort Jefferson, near Wickliffe, and finally went out of partnership and Jackson had to sue for his part of the property. He was awarded his property back and the present case is one brought by him to secure \$14,200 damages for use of the property. The jury stood 11 to 1 in favor of giving the plaintiff \$500 damages and as no agreement could be reached Judge Evans discharged the jury and adjourned court.

Linda Murphy, of Mayfield, was acquitted of selling whiskey without a license and this ended the criminal docket.

In the matter of Hays against the steamer City of Memphis, the court confirmed the judgment of the commissioner who awarded the plaintiff \$7 as wages due for services.

Charles Moody, James A. Portwood and James A. Woodward, given one year each in the Atlanta, Ga., prison, will be taken away tomorrow night by Deputy Marshal G. W. Saunders and L. W. Cosby, the latter a constable at Farmington, Graves county.

The following indictments have been returned this week by the grand jury: One against Jessie Clark for perjury, one against Frank Wall for false swearing, one against Sam Lincoln for obtaining money by false pretenses. The minutes of the examining court in the cases against George Head for malicious cutting, Mort Johnson, for robbery and George Peeper, for malicious cutting, were returned marked "dismissed."

J. W. Eden has filed a suit against Maggie Boswell for a balance of \$400 on property purchased. The petition claims that the defendant bought property from him and failed to pay a balance of \$400 and asks judgment for that amount and also for a sale of the property to satisfy the judgment. The case against James Craig for cutting in sudden heat and passion, was by agreement continued.

The case of Lightfoot and Yonts against Chandler was dismissed without prejudice.

### Three Employees Under Arrest at Chicago.

They Are Alleged to Have Stuffed the Payrolls and Secured Many Thousands.

INVESTIGATION COMPLETED

Chicago, April 22—Charged with stuffing the company's payrolls by means of bogus pay checks, three men holding responsible positions with the Illinois Central railroad have been simultaneously placed under arrest and were yesterday afternoon held to the grand jury. The total of peculations from the corporation, it is thought, will amount to many thousands of dollars. Had not an Italian who tendered a check to Treasurer Titus of the company become frightened and run out of the office the stuffing of payrolls, it is said, might have gone on for a long time undiscovered.

The employees under arrest are D. J. O'Hern, Charles O'Hern and Mark Walsh. The two first named are road superintendents and the third is a section foreman. All were in charge of a large number of men.

Treasurer Titus of the company was the first to suspect that the payrolls were irregular. Three months ago an Italian called at the treasurer's office and presented a time slip for his check. He was asked his name and, unable, it is said, to think of the name he had been told to give, became confused and fled from the office.

This caused the investigation which resulted in the arrest of the three employees.

The men had been under surveillance for over a month, their movements being traced by detectives of the road. Special Agent O'Keefe, who investigated the case, says the method utilized by the culprits was to place fictitious names on the payrolls and, having the authority to make out checks, give them to friends to present to the treasurer of the road. Men who had been discharged, but whose names were never forwarded to the company, were among those used in securing money.

Walsh and the O'Herns have been employed with the Illinois Central railroad for a number of years, and always bore good reputations.

Walter Eubeck was fined \$1 and costs for drunkenness. S. A. Womble was fined \$15 and costs for violation of the Sabbath.

Cases against Messrs. W. B. McPherson and Ike Altman for obstructing the pavements were dismissed.

The malicious cutting case against Rosa Looney was again continued, this time until tomorrow.

#### COUNTY COURT.

The will of Fannie Orider, colored, has been filed in the county court. She had no property except a \$500 life insurance policy and owed only two debts, one of \$200 to Dr. L. D. Sanders and the other to Ada Gordon, amounting to \$150. She desired these debts paid after all funeral expenses had been settled and then the balance given to her only child, John Orider, age 13.

W. A. Wells and others deed to Thomas E. Lydon, for \$707.91 property in the county.

Elijah Rice, colored, of the county, age 29 and Ethel Pate, of the city, age 21, have been licensed to wed. It will make the first marriage of both.

#### BUSINESS CHANGE

MR. SAM STARKS SELLS THE JERSEY PALACE.

Mr. S. R. Patterson of Union City, Tenn., is in the city to locate, and has bought out the Jersey Palace saloon from Mr. Sam Starks, who recently retired and enlarged it, making it one of the best in the city. It is at Third and Elizabeth streets, and Mr. Patterson, who comes highly recommended, will take charge at once.
